Dear Michael PUCHER,

We are glad for your valuable contribution to our Coach and Referee Training Seminar on December 20-21, 2008 in Antalya.

More than 450 Referees and Coaches have attended to the seminar in order to learn the new International WAKO Rules. Turkish referees and coaches were strongly satisfied from the presentations, instances on scoring and the organization.

I would like to emphasize that this seminar was a remarkable training for our referees, judges and coaches by means of new WAKO Rules for Tatami and Ring Sports and a remarkable training for the Turkish Kickboxing Federation considering the integrity within the WAKO family. We would like to organize further trainings with your participation every year.
